

Home Learning

Research

Find out as much as you can about being safe in the sun. Use your research to create a poster or information leaflet that will help other people to stay safe.

Literacy

Thinking carefully about our class text, Charlie and the Chocolate Factory, write a poem about chocolate!

Creative

Can you create a miniature chocolate factory. It could have lollipop trees, a chocolate river or even edible grass. How creative can you get?

Science

Identify all the different light sources inside and outside of your home. Are you sure that they are 'sources' of light?

SMSC

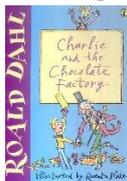

Write a story about a time when you have persevered with something challenging or difficult. How did you keep yourself going? What was the end outcome after persevering? How did this make you feel?

Music

Listen to a range of music and think about how it affects your mood. You might like to listen to the music from your favourite movies and explain how it is used to make you feel a certain way at different points in the film.

Writing

Write a character description of one of the characters from our class text, Charlie and the Chocolate Factory.

Maths

You're learning loads of new things in maths this term! Can you teach an adult at home one of your new mathematical skills and bring in the evidence!

Reading

Choose a book that you have read for pleasure at home. Can you write a review to summarise it for another child?

The tasks below, if possible, should be completed each week in parallel with tasks chosen from the selection above.

Reading

Please read at home at least 3 times each week.

Spelling

Please work on your personal spellings to move up the Spelling Settlements.

Times Tables

Learn your times tables to 12 x 12 for your Olympic Maths challenge.
